We hear you...

I am a 75 year old man who had an accident resulting in my inability to sit or stand for any period of time. Despite treatment, I am not getting any better, and my pain continues. I feel like just giving up!"

"I am a 71 year old woman who recently suffered a stroke. I spent many weeks in the hospital and in rehabilitation. When I was discharged, I was told I would never walk again. If I have to spend the rest of my life in a wheelchair and totally dependent on my caregivers, I hope the rest of my life is short."

These are only two of the many
true stories we have heard.

"HOUSE CALLS"

IS HERE TO HELP!!!

"House Calls" is designed to bring confidential mental health therapy to seniors who are not able to leave their residence (home, or assisted living) and need help with such issues as depression, anxiety, coping with disability, or loss.
